

How Does Samscreen Compare?

Samscreen, Inc. has built a reputation as the leading specialist in the manufacture of screening and crushing media for portable and stationary screening and crushing plants. We can provide your company not only with a wide range of screening and crushing products, as well as unmatched service and delivery. How does your current supplier compare?

EASE OF PURCHASING

- Because we both manufacture screening and crushing parts, and maintain a vast inventory, we're likely to have the replacement parts you need in stock and ready to ship. And ordering is easy – you can call us at 888.4.SAMSCREEN or order online at www.samscreen.com.

THE BEST MATERIALS

- The replacement parts we stock are carefully selected for quality manufacturing and materials. We don't skimp on the products that we manufacture, so it's only natural that we'd only supply you with top-of-the-line replacement parts.

EXTENSIVE INVENTORY

- Samscreen, Inc. keeps a large inventory of pre-made screening and crushing media, as well as an extensive supply of replacement components. Not to mention, we're able to locate difficult-to-find parts for a wide range of equipment – and we bring it all to you with competitive pricing.

UNMATCHED CUSTOMER SERVICE

- Does your current supplier provide you with service before and after the sale? Our staff can provide in-depth knowledge on screening and crushing media, and is always available to answer your questions and address any problems that may occur.

At Samscreen, your satisfaction with our products and with our service is important to us. How important is this to your current screen supplier?

Because Downtime Costs
